ICI | Trace IR35 Monocular

The ICI Trace IR35 Monocular is a handheld 384x288 resolution thermal imaging monocular with a 35 mm lens. Small in size and lightweight, our uncooled monocular is portable and easy to operate. Its waterproof, rugged design makes the Trace IR35 fit for all-weather reconnaissance and applications including scouting, hunting, search and rescue, anti-smuggling, and weapon sights requirements. View images and take infrared images, record thermal videos, as well as watch live transmissions with your cell phone through a WiFi connection. Includes an Brightness / Eye Relief Adjustment Knob and a 640x480 color LCD display for comfort and viewing convenience. With a drop resistance of 1 m and 5 hours of continuous operation, along with USB charging and a DC 5V / 2A External DC input, the Trace IR Monocular can go anywhere your job or hobbies take you.
